

LEADING **WITH** POWER

MADISON, WI

PARTNER PROGRAM

Leading with Power is a 501(c)(3), non-profit group with a mission to help all men looking for encouragement, inspiration, and who wish to improve their lives at home, work, and in the community. We do this through monthly lunches where men come together to connect, eat, and listen to successful, dynamic speakers that address the challenges men face: the balance of life, family and career.
